

§ 11.16

10 CFR Ch. I (1–13 Edition)

(4) Certain applications from individuals having current Federal access authorizations may be processed expeditiously at no cost to the licensee because the Commission, at its discretion, may decide to accept the certification of access authorizations and investigative data from other Federal government agencies that grant personnel access authorizations.

(f)(1) Any Federal employee, employee of a contractor of a Federal agency, licensee, or other person visiting an affected facility for the purpose of conducting official business, who possesses an active NRC or DOE-Q access authorization or an equivalent Federal security clearance granted by another Federal agency (“Top Secret”) based on a comparable single scope background investigation may be permitted, in accordance with § 11.11, the same level of unescorted access that an NRC-U special nuclear material access authorization would afford.

(2) Any Federal employee, employee of a contractor of a Federal agency, licensee, or other person visiting an affected facility for the purpose of conducting official business, who possesses an active NRC or DOE-L access authorization or an equivalent security clearance granted by another Federal agency (“Secret”) based on a comparable or greater background investigation consisting of a national agency check with law and credit may be permitted, in accordance with § 11.11, the same level of unescorted access that an NRC-R special nuclear material access authorization would afford. An NRC or DOE-L access authorization or an equivalent security clearance (“Secret”), based on a background investigation or national agency check with credit granted or being processed by another Federal agency before January 1, 1998, is acceptable to meet this requirement.
